**Cash payments:** Cash payments are accepted, **only from Monmouth County residents dumping personal waste from their primary residence.**

We only accept **cash** or **personal checks**. You must provide a **valid Drivers License**, current registration to your personal vehicle, and (trailer if applicable) when pulling onto the Scales.

All others must establish a pre-paid account with the Finance Department in the Reclamation Center Scales Office 732-683-8686 Ext 5600 or 5601, or click on the link below to download a copy of the pre-paid account application. There is a **return check charge of \$25.00 (paid in cash)** for all bounced checks. All companies that have multiple returned checks will only be able to fund their account with **cash**, or a **Bank Cashiers check**. Any delinquent accounts will not be allowed to dump until the account has sufficient funds in it.

Grass is accepted for disposal, separate from all other wastes. \$3 per car or \$35.75 per ton for trucks (\$0.36 per 20 lbs). Station Wagons, Minivans and SUV-type vehicles qualify for the car rate when grass is behind the rear-most seat only!

The landfill utilizes "Vehicle Scales", which record weights in 20-pound increments. The vehicle with the trash is weighed in. Next the resident dumps the waste at a specified area and then the vehicle returns to the Scale Complex, where the vehicle is weighed out.

Payment is based on a calculation of the difference between the two weights. With the exception of the \$3 flat rate for Grass (see above), All rates are "pro-rated", meaning that payment is based on the amount of weight disposed. There is no minimum or maximum.

It will cost \$1.08 for each 20-pound increment of Bulky and Construction-type wastes. As an example, if a resident were to dump 100 pounds of Waste Type 13 or 13C (i.e. old furniture, wood, sheetrock, tile, old light fixtures, cabinets, etc.); the cost would be \$5.38 for every 100-pounds dumped.

Household Waste Type 10 (regular bagged food-stuff wastes, which would normally go out to the curb for weekly pickup) is \$0.75 for each 20-Pound Increment.

Asbestos Waste Type 27A is \$1.73 for each 20-pound increment.
